Scott,

There is a LONG history with Pretty Prairie . See attachment.

Monica,

If sounds as if the history on Pretty Prairie might be interesting . Can you offer any insight?

I left the KS SNC report on your chair.

Scott

Subject RE: SNC report (Haviland & Pretty Prairie)

Scott-

Redacted non responsive

As far as Pretty Prairie, they we discussing the possibility of filing a lawsuit against EPA to fight the MCL for nitrate. At one time the City requested a meeting with EPA ... Mary Mindrup? The meeting request was denied if I remember correctly. It has been our position to postpone any additional enforcement against the City until potential legal actions are resolved. There is much more history here regarding a Nitrate Strategy that KDHE implemented under the approval of EPA. The Strategy was deemed inconsistent with the SDWA by EPA Region 7 back in 2005/2006. Dave Waldo may have additional comments on this response.

Kelly,

I've briefly looked over the 1st quarter 2009 SNC report you provided at our last quarterly meeting. There were a couple facilities where I had questions -

Pretty Prairie - The report says that EPA and the City were talking. Do you know who (what program) at EPA was talking with them, and about what?

Thanks for your help.
